

Miraculous Benefit
RECEIVED FROM
Dr. Miles' New Heart Cure.

ELI P. BABCOCK, of Avoca, N. Y., a veteran of the 3rd N. Y. Artillery and for thirty years of the Babcock & Munsel Carriage Co., of Auburn, says: "I write to express my gratitude for the miraculous benefit received from Dr. Miles' Heart Cure. I suffered for years, as result of army life, from sciatica which affected my heart in the worst form, my limbs swelled from the ankles up. I bloated until I was unable to button my clothing; had sharp pains about the heart, smothering spells and shortness of breath. For three months I was unable to lie down, and all the sleep I got was in an arm chair. I was treated by the best doctors but gradually grew worse. About a year ago I commenced taking Dr. Miles' New Heart Cure and it saved my life as if by a miracle."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee. First bottle free. If not cured, money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

HORRIBLE CONDIION**Colonel Cabelle Testifies**

as to What He Saw at Camp Thomas.

DR. KING CALLED DOWN

When Complained to About the Food, He Told the Men "to Go to the Devil."

Dr. Hubbard Was Tyrannical and Overbearing—Drunken Mule-Drivers Used For Nurses.

Anniston, Ala., Oct. 26.—The war investigation committee continued to take evidence yesterday from officers and privates concerning Camp Thomas, Chickamauga Park. Among those who testified were Congressman Colson, colonel of the Fourth Kentucky, and Lieutenant Colonel Cabelle of the Second Arkansas. Colonel Cabelle said, in reply to questions put by Dr. Connor, that he had observed a condition of affairs at Camp Thomas at the hospital of the Second division of the Third army corps in June which he considered horrible. He had seen one sick man lying in the rain without the protection of even a fly tent, and he had been informed by other officers that several others had been left in the same way. He thought the doctors were honest enough, but that they did not know how to get supplies. Mule drivers had been used for nurses, and many of them were in the habit of getting drunk and neglecting their patients. He said Dr. Schuler was the division surgeon at the time. Colonel Cabelle is a lieutenant in the regular army and his testimony made an evident impression upon the commission.

Major Charles F. King, surgeon of the Fourth Wisconsin regiment, said the medical supplies of his regiment were insufficient and that there was much delay in getting requisitions filled. He thought there was a sufficient quantity of food, but said some of the men would not eat it, preferring to buy food for themselves.

General Wilson asked if the men had ever complained to him, as surgeon of the regiment, and Dr. King replied that they had.

"What did you say to them?" asked the general.

"I told them to go to the devil and eat what they had," he replied.

"I think that a very improper reply for you to have made," said General Wilson, and he declined to further continue the examination.

Dr. Henry H. Lee, major and surgeon of the Third brigade, First division Third corps, said he had urged the removal of the camp from Chickamauga because he considered the water bad and because of the impossibility of getting deep sinks.

Major Benson, who was inspector general of the First division, Third corps at Chickamauga, said it had been impossible to enforce sanitary regulations at Chickamauga because when men were arrested the courts would not punish them. He considered the men who had located the camps responsible for the state of affairs.

Captain Fremont, who was adjutant general of the Second division, Third corps, detailed the difficulties attending the government of the hospital of that division. He said that when attendants were complained to concerning neglect it was not uncommon for them to swear at the complainants. Dr. Fremont said Dr. Hubbard, who was at one time executive officer of the hospital, was tyrannical and overbearing.

CUBAN SITUATION.

Cabinet Informed of Changed Date of Evacuation—Porto Rico.

Washington, Oct. 26.—At the cabinet meeting yesterday, the situation in Cuba was gone over for the information of those members who did not see

the president Monday. It was explained that the time limit for the evacuation of the island had been extended from Dec. 1 to Jan. 1 and that the United States would assume control of the government of the several cities and provinces as fast as they were evacuated by the Spaniards, but no faster.

Havana probably will be the last of the cities to remove its troops and the last to surrender civil control to the United States. This, however, must be accomplished by Jan. 1.

The question of the relation to Porto Rico shall bear to the general government of the United States is receiving the careful consideration of the president and members of the cabinet. The question of a change in the currency system of the island, the customs and internal revenue laws, suffrage and many other incidental but highly important subjects are now under consideration and probably will be treated upon at some length in the president's forthcoming message to congress.

It is not unlikely that congress will be asked to pass some needed general legislation respecting the temporary government of the island, with a recommendation that a committee be appointed to consider with more deliberation than is possible in a short session of congress, all of the questions involved and make a report at a future time.

Nothing of a disquieting nature has been heard from our peace commission at Paris, the contention of the Spaniards that the United States should assume the Cuban debt or any other Spanish obligation, beyond the recognition as valid the municipal obligations of Havana and possibly other Cuban cities, is received here with perfect equanimity. Such a procedure is out of the question as the commissioners knew before they left Washington.

THERE IS A HITCH.

Peace Negotiations Are Not Proceeding Smoothly at Paris.

Washington, Oct. 26.—The peace negotiations at Paris are not proceeding smoothly. Last night information received by the president from Paris was informally discussed at the white house by Mr. McKinley and several members of his cabinet. Precisely the nature of the information received by the president from the American commissioners was not disclosed. It is said, however, that the situation is embarrassing, if not critical, in the opinion of the commissioners, although there is still reason for the expectation that the negotiations will not be broken off and that they will proceed to a successful issue.

It is understood to be the belief of the president that the uncertainty which now seems to cloud the proceedings of the joint commission will soon be dissipated and that an agreement will be reached that will be eminently satisfactory to the American people. One thing is said to have been decided positively, and that is, under no circumstances will the United States agree to assume any portion of the debt saddled on Cuba by Spain.

LIEUTENANT COLONEL WITHROW.

Court-martial Acquits Him of Serious Charges.

Lexington, Ky., Oct. 26.—While Lieutenant Colonel C. L. Withrow of the Tenth immunes was acting last week as president of the court-martial, which tried another officer for drunkenness and intimacy with negroes, the same charges were preferred against Colonel Withrow and given to the press generally. It is announced now that Colonel Withrow was acquitted by court-martial. It is alleged that the reports of drunkenness in camp are exaggerated because of alleged spite work and that Colonel Withrow was the victim of such feeling caused by his enforcement of discipline and the arrest of officers and privates for disorderly conduct.

Has Resumed His Duties.

Washington, Oct. 26.—Major General John C. Breckenridge returned yesterday as inspector general of the army. He was recently relieved of the command of the First army corps by Major General James H. Wilson.

To Select Camps.

Lexington, Ky., Oct. 26.—Orders were issued from corps headquarters at Camp Hamilton yesterday directing the division and brigade commanders of the First army corps to proceed at once to Georgia to select sites for the proposed camps in that state.

SNOW STORMS.

Streetscars at Chicago Compelled to Stop Running.

Chicago, Oct. 26.—The worst gale of the year set in late yesterday afternoon, snowing for hours. Immense damage was done throughout the city to telephone and electric light wires, and in some instances, streetcar lines were compelled to suspend operations in the evening. Many trees were blown down in all sections of the city. There was no loss of life, and the only accident was the wrecking of the lumber laden bark Isabella Mears. The bark broke away from a tug at the mouth of the Chicago river and was carried down the outer harbor. Her crew was taken off by the lifesaving crew and the bark left to her fate.

Kansas and Missouri.

Kansas City, Oct. 26.—A fierce snowstorm raged in the southwest yesterday. At some points snow covered the ground from two to four inches. The storm was accompanied by a strong wind. Telegraph communication was interrupted to an extent and other minor damage done. At Chillicothe, Mo., the

Mr. Basal is making a tour of the United States inspecting the banking systems.

E. M. Young, the nominal publisher of the Crothersville Commercial, was here Tuesday singing the song taught to him by the ringsters. They are watching him quite closely since he took it upon himself to tell the people to "vote for John W. Hamacher."

Democrat papers don't usually show such preference for a republican, but it must be remembered that Mr. Young is a recent convert to the ways of the ring.

Every man who has been promised on the quiet, a gravel road superintendency when work is begun on the roads postponed, hold up his right! Count the number of hands up and then count the number of gravel roads to be built. Are there enough roads to go around? You say not, and at once conclude that John Burrell has more promises out than he expects to keep. Not a difficult scheme to see through.

When you pay your taxes this fall, much heavier than they should be as you know, just remember that the indebtedness of Jackson county is more than twice as much as any other county in this part of the state. Only two counties in the whole of the southern part of the state are as much in debt as Jackson. Ask yourself why this is. Are the improvements so much better than in other counties? With this large indebtedness it is clear to you where all the money raised by such a high rate of taxation has gone? Do you not believe it is high time to make a change in the management of the affairs of the county, a change in the interest of the taxpayers? Elect every man on the ticket at the head of which is an open book and you render a service in the interest of the people.

A PRIVATE SPEAKS.

Efforts of Sheriff Clark and Capt. Vance to Have Co. G. Disbanded.

EDITORS REPUBLICAN: We beg space in your paper for a few remarks to the voters of Jackson county.

Last May while we were waiting muster into the U. S. volunteer service at Indianapolis two men from Brownstown, Capt. D. B. Vance, and Sheriff David Clark, came to our camp and used all persuasions and efforts possible to get the members of Co. G. to return home. How well they succeeded may be guessed from the fact that a few days later forty-seven of our company declined to enter the U. S. service. It is true that some of them had good reasons for returning to their homes and business, but the majority of them were in a measure homesick and fell an easy prey to those who sought to disrupt the company in order perhaps to screen relatives who as members of the company, were sore at their job and desired to quit and at the same time avoid the disgrace of "white feathering" by securing the disbandment of the entire company.

Fair-minded, patriotic voters, can you endorse with your votes an official who used his influence and efforts to bring dishonor upon one hundred young men, mostly from his own vicinity, who sought to cast reflection upon Jackson county by disrupting the only military organization in the county at the very time they were most needed, when General Blanco with two hundred thousand Spanish soldiers was but ninety miles from our eastern coast and Admiral Cervera, with a mighty squadron was sailing from Spain to strike us a blow? Voters, contrast Mr. Clark's conduct to that of his opponent, Mr. Goss, who sent we believe, his only son to Indianapolis to join our company and while regretting to have him leave home bade him "God speed" in his course.

Which of those two candidates deserves the approval of all honorable men? The position of members of Co. G., 139th, is summed up in a nut shell in a remark made by one of our officers when he learned of this base action of Sheriff Clark: "Never mind, boys, there will come an election day by and by when we can pay Mr. Clark for this work."

Respectfully,
RALPH ERWIN.

JOHN DURMENT's friends in Brownstown township are saying some harsh things about the campaign leadership of John Burrell and Frank Brannaman. They are proposing to trade Durment in the interest of Burrell. That secret understanding with Jas. F. Keach seems to be no longer a secret.

The "loyal" leaders overdone the matter when they entered into an agreement with the old ring to disregard the law and ignore the appointment of the republican member of the board of election commissioners. That leaves no doubt in the mind of any one the real motive of Hamlin Smith et al. They go and come at the dictation of the ringsters just as they have done in the past. Hamlin Smith admits that he worked for the election of Burrell and Gibson two years ago, when he was republican county chairman and a republican candidate for the legislature. John Burrell expects to get his vote and influence again. He expects the same from some other self-styled "loyal" republicans who voted for him two years ago and have admitted it on numerous occasions. They can fool no one now by claiming "loyalty" for themselves. They are in collusion with the ring and the people know it.

Remarkable Rescue.

Mrs. Michael Curtain, Plainfield, Ill., makes the statement that she caught cold which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. She continued its use and after taking six bottles, found herself sound and well; now does her own housework, and is as well as she ever was.—Free trial bottles of this Great Discovery at W. F. HOW TO VOTE

Republican Ticket.

For Secretary of State,
UNION BANNER HUNT.

For Auditor of State,
W. H. HART.

For Treasurer of State,
LEOPOLD LEVY.

You must get your ballots and the blue pencil of the polling clerks in the election room.

If you want to vote a **STRAIGHT REPUBLICAN TICKET**, make a cross, thus X, within the **LARGE CIRCLE** at the head of the ticket containing the **EAGLE**. If you **DO NOT** wish to vote a straight ticket, you **MUST NOT** make a cross in the large circle containing the device of any party, but you must make a cross, thus X, on the small square to the left of the name of each candidate for whom you desire to vote on whatever list of candidates it may be. IF THE **LARGE CIRCLE** AT THE HEAD OF THE **TICKET** is marked, and the ballot is marked at any other place, IT IS **VOID AND CANNOT BE COUNTED**, unless there be no candidate for some office in the list printed under such marked device, in which case you may indicate your choice for such office by making a cross, thus X, on the square to the left of the name of any candidate for such office on any other list. The cross must be placed within or on the circle or square, or the ballot is void and cannot be counted.

DO NOT MUTILATE YOUR BALLOT or mark it either by scratching a name off or writing one on, or in any other way **EXCEPT BY MARKING IN THE CIRCLE OR ON THE SQUARES**, as before mentioned. Otherwise the ballot will not be counted.

After marking your ballots, and before leaving the booth, **FOLD THEM SEPARATELY**, so that the face of them cannot be seen, and so that the **INITIAL LETTERS** of the names of the polling clerks on the back thereof can be seen. Then hand your ballots to the inspector, the pencil to the polling clerk, and leave the room.

If you are physically unable to mark your ballots, or cannot read English, so inform the polling clerks, and tell them how you wish to vote, and they will mark your ballots for you. But neither you or the clerks must permit any other person to hear or see how your ballots are marked. It is a penal offense to declare that you cannot read English or cannot mark your ballots, if, in fact, you can.

If you should accidentally, or by mistake, deface, mutilate or spoil your ballots, return them to the poll clerks and get new ballots. You must not accept a ballot from any person outside of the election room. Any ballot outside is fraudulent, and it is a penitentiary offense to have such a ballot in your possession, whether you attempt to vote it or not.

You must not attempt to hold any conversation in the election room except with members of the election board and the poll clerks.

You must not put any mark of any kind on your ballot except as before mentioned.

Use only the blue pencil handed to you by the polling clerk in marking your ballot. If you mark with any other pencil your ballot is void and will not be counted.

Neatly Caught.

A certain Greek adventurer some years ago undertook to palm off upon the public some false copies of the gospel manuscripts. Many learned men were deceived, but not Dr. Cox, librarian of the Bodleian library at Oxford. How he detected the fraud is related in his own words in The Spectator:

I never really opened the book, but I held it in my hand and took one page of it between my finger and thumb while I listened to the rascal's account of how he found this most interesting antiquity.

At the end of three or four minutes I handed it back to him with the short comment, "Nineteenth century paper, my dear sir," and he took it away in a hurry and did not come again.

Yes, I was pleased, but I have handled several ancient manuscripts in my time, and I know the feel of old paper.

Charlton, of the Presbyterian church officiating. The groom is a young man of prominence and for a good while was in charge of the Western Union Telegraph office and later operator and chief clerk to superintendent A. J. Frazer, of the B. & O. at Seymour, which position he held till he left here for St. Joseph, Mo., where he is private secretary to the general superintendent of the Burlington Route, where he discharges the duties to the utmost satisfaction of the railroad management. The bride is one of Seymour's popular society ladies and always moved in the best circles of society. She is a young lady of culture and attractiveness withal. They carry with them the best wishes of their host of friends.

I am sure Electric Bitters saved his life." A PERFECT LITTLE GENTLEMAN

The well dressed boy is usually a manly little fellow. Shabby clothing has kept many a boy from doing an un-called-for act of politeness. The boy with shabby clothes doesn't wish to call attention to them. Boys have feelings you know—they care as much as you do—although they don't show it.

Now we have the ambition to perfectly clothe every boy in Seymour. The material we furnish will wear well and not get shabby, will look well until the end—and they will resist the efforts of the most vigorous boys.
